AnPac Bio-Medical Science Co., Ltd. (the “Company”) has received a written notification from the Nasdaq Stock Market, Inc. (“Nasdaq”) dated October 6, 2020 indicating that the Company no longer meets the continued listing requirement of a minimum Market Value of Listed Securities (“MVLS”) for the Nasdaq Global Market, as set forth in the Nasdaq Listing Rule 5450(b)(2)(A), because the market value of the Company’s total outstanding shares for the last 30 consecutive business days was below the minimum requirement of US\$50,000,000. This notification does not impact the listing and trading of the Company’s securities at this time.

Pursuant to Nasdaq Listing Rule 5810(c)(3)(C), the Company has a compliance period of 180 calendar days (or until April 5, 2021) to regain compliance. If at any time during this compliance period the Company’s MVLS closes at US\$50,000,000 or more for a minimum of ten consecutive business days, Nasdaq will notify the Company that it has achieved compliance with the MVLS requirement and this matter will be closed.

In the event the Company does not regain compliance with Rule 5450(b)(2)(A) prior to the expiration of the compliance period, the Company may consider applying to transfer its securities to the Nasdaq Capital Market, one of the three tiers for Nasdaq-listed securities. The Nasdaq Capital Market is a continuous trading market that operates in substantially the same manner as the Nasdaq Global Market, where listed companies must meet certain financial requirements and comply with Nasdaq’s corporate governance requirements. The Company continues to execute its business plan and is looking into various options available to regain compliance and maintain its continued listing on the Nasdaq Global Market.
